WPX HONOR ROLL TOTALS

Updated 14 November 2026 2253 UTC

NOTE: As you undoubtedly know, the WPX award was previously administered by CQ Magazine. With their demise, W1CU then began maintaining this list to fill the gap. He is now unfortunately a Silent Key. I am picking up the baton for now. I am not the manager of the WPX Award Program and cannot provide any plaques, certificates, or endorsements. The following listing is provided as a service to stations that have spent years building their WPX totals. It is an attempt to maintain interest in the WPX program until such time that a new organization and manager volunteer to resurrect the WPX Award. Send your WPX All-Time counts to NE6I at cox dot net for posting. The WPX Honor Roll is based on the All-Time Count (WITH deletions removed) but for this list, you may include your deleted prefixes. Prefixes may be confirmed by paper QSLs, LOTW and eQSL. Stations must maintain their own database of confirmed prefixes or use LOTW totals and simply submit the new totals. There is no cost associated with this list! Do not submit via LOTW or via the former WPX Award Manager (N8BJQ) as you will currently not receive a response. Submit only to NE6I to update this list at this time.

KEY: WPX Prefixes confirmed - Callsign **Refresh browser for latest list**
